Q "Save and Conserve Water." a. Make a poster (A3 size) on "How to Save Water" b. Get a "Water Pledge" signed by at least 10 people in your colony / locality. c. Paste at least two photographs of your campaign on the poster.

Q Write the answers of these questions in your notebook.

1. We ate food only three or four times a day. But we breathe all the time. Why?
2. What do you think will happen if someone's kidneys do not work properly?
3. The heart is a very delicate organ in your chest. But if you hit your chest, the heart does not damage. Why?
